PEOPLE MUST BE GIVEN CHANCE TO OWN THEIR HOMES

Governors of Tennessee and Arkansas Agree That Soldier Land Bill Is Step in Important National Movement

"I regard the movement to have more of our people live in homes that they own as the most important now before the people of the United States," said Gov. A. H. Roberts Monday morning. "The plan to have the general government buy large bodies of land, to be improved and sold on long terms of repayment to our soldiers really must be out of the service, is a part of that movement. I am heartily in favor of giving every possible co-operation on the part of Tennessee and our other Southern states in this plan, so soon as it has been decided just what laws are to be enacted."

"The back-to-the-land movement, and the back-to-the-home movement, with, in my opinion, do more to offset the dangerous Bolshevik propaganda than any other one thing. Men who own their own homes, are better and more patriotic citizens and will take no part in agitation against their government."

Home-Owners Needed.

Gov. Roberts is in Memphis for a conference with representatives of other Southern states and with the local soldier land committee on the provisions of the bill now pending in congress.

At noon the only other Southern governor who had arrived was Gov. C. C. Brough, of Arkansas, who, after breakfasting with Gov. Roberts, said that he cordially agreed with him in his view as to the importance of leading more people in their own homes, particularly in the farming sections of the South.

Not more than 60 per cent of the people in the whole United States own their own homes," said Gov. Brough, and in our Southern states the proportion, I believe, is far less than that. The remedy lies in some such measures as the Mondell bill, which we are here today to discuss, providing for allotting lands to former soldiers.

"The farm loan bank system is accomplishing much in aiding farmers to borrow money for improvements, but a man first must own a farm before he can borrow. We need more small farms all through this section, farmed by their owners."

Arkansas Gov. Brough said, was ready to offer to the general government, when necessary legislation shall have been enacted, more than 2,000,000 acres of good land, much of it rich over-land, which is priced at from \$5 to \$20 per acre.

Tennessee has about 600,000 acres ready to offer, Gov. Roberts said.

Mondell Act Favored.

Gov. Roberts believes that the law, when enacted by the congress, should provide that the general government furnish the money to buy the lands and handle all the details of settlement, thereon, the states to co-operate in the building of roads and opening the tracts to be purchased, and to the sale of such other details, possibly condemnation of some portions of tracts that might be needed, like land on which a plan would be preferable to having the states furnish any of the funds for the purchase of the lands.

The conference began late Monday afternoon at the Chamber of Commerce. A committee from the local post of the American Legion waited on the governors Monday, pledging support of the legislation, and the Mondell act for the reclamation of arid and swamp lands for homesteads for soldiers.

The legion fought for the bill from the first and still is fighting according to William M. Stanton, head of the local post. The committee was composed of the following: W. J. Bacon, Board of War, W. L. Terry and William M. Stanton.

WERE YOU HERE AT THE START?

If not, don't delay a moment longer. But come in tomorrow and make your selection while the assortment of patterns and sizes is most complete.

BUY NOW AND SAVE MONEY

The "Carload Sale" of CONGOLEUM Gold Seal ART-RUGS started with a rush!

Hundreds took advantage of the opportunity to make selections from our full assortments. There are tons and tons of these beautiful, sanitary rugs in this shipment. It's a full carload, you know. We were busier than we've been for many a day in the floor covering department.

But we like that kind of bustle, and it is a keen satisfaction to us, as it must also be to our patrons, to realize that every jingle of the cash register means a sale made in which they SAVED MONEY.

Note These Substantial Savings!

Remember, these are the genuine Congoleum products so widely advertised in the national magazines. They are beautiful in design; perfectly sanitary; very durable; and can be cleaned with a mop and water. Besides, they are extremely economical even at regular prices, while our sale prices make them a bargain without equal.

BROUGH, ROBERTS WILL FIGHT BIG FOOD PROFITEERS

Tennessee and Arkansas Invoking Every Law That Can Be Brought to Bear on Cost of Living.

Uncle Sam, through his official representatives in the department of justice, is being given every aid that the state governments of at least two Southern states can bring to bear, in the official fight against profiteering.

If anything can be done to curb such practices in Tennessee or Arkansas, such a movement will have the earnest support of the governors of those two great states, A. H. Roberts and C. C. Brough.

The two governors met Monday, and while awaiting the arrival of others who are to take part in the conference on the national soldier land bill late Monday, compared notes on what is being done in the two states to reduce if possible the high costs of the necessities of life at least.

"The act passed by the last legislature, for the partial regulation of food storage, has been of some benefit," said Gov. Roberts, "was framed and passed with the idea in mind of preventing the hoarding of foodstuffs. Publicity as to the ownership of any food in cold storage in this state is provided for, with the date when it is placed in storage. Complete detailed reports must

LIEUT.-COL. A. S. FROST RETIRED BUT WILL REMAIN IN MEMPHIS

Lieut. Col. C. A. Frost, U. S. A., professor of military science and tactics at Central high school and commandant of the local unit, Junior Reserve Officers' Training Corps, received orders from the war department, Monday, placing him on the retired list, effective Aug. 31. The order retiring Col. Frost was announced some weeks ago, but has been held pending intervention by Senator R. D. McKellar and others in Washington in an effort to have the order rescinded. Apparently by this effort has failed. Many officers are being retired to make way for the new ones who have received advancement during the war. It is said, Prof. Wharton S. Jones, superintendent of city schools, immediately after the order was received retiring Col. Frost, wired senator McKellar to again intercede in an effort to at least keep Col. Frost on the active list until Sept. 30 to allow him time to get the affairs of the R. O. T. C. in shape to turn over to his successor after the city schools shall have opened.

Col. Frost in his five years as a Memphisian has become so attached to the city that he declares he will make this his home, at least for a time. Thousands of youths and parents to whom Col. Frost has endeared himself during his incumbency as commander while awaiting the arrival of others who are to take part in the conference on the national soldier land bill late Monday, compared notes on what is being done in the two states to reduce if possible the high costs of the necessities of life at least.

Col. Frost came to Memphis from Evanston, Ill., five years ago as a consulting officer for the United States Army. When recruiting closed he was assigned to command the S. A. T. C. at the Memphis Medical college. On Feb. 1, of the present year, he was made professor of military science and tactics at Central high school and commandant of the R. O. T. C.

Col. Frost will be succeeded by Maj.

LIEUT.-COL. A. S. FROST.

Paul S. Paschal, a West Pointer, who at present is on duty duty in New York. Lieut. Col. D. Garth and Sergt. Major G. Pittsford will be his assistants.

MEMPHIS CREDIT MEN LEAD NATIONAL BODY

The Memphis Retail Credit Men's association sent the largest delegation to the national convention of credit men recently which adjourned Friday. G. A. Lawo, who was made first vice-president, could have been chosen for the presidency, but he did not court the honor, rather, waiting until next year when the presidency will come in regular rotation of officers.

The example of the local organization in inaugurating a pay-up campaign was followed by the national organization and a campaign similar to that launched in Memphis last year will be made nationally early in the coming year.

The returning delegates were: A. L. Hask, A. J. Cook, A. E. Harvey, A. L. Goldsmith, W. C. Schwaimeyer, R. R. Williams, Harry C. Schaefer, Leslie Thornton, W. N. Stephenson, W. B. Hill, Phil Canale and G. A. McDonald, assistant secretary. Detroit was selected as the convention city for 1920.

GO AFTER SLAYER WHO TRIED TO KILL GUARD

ROANOKE, Va., Aug. 25.—Police officers were sent to the State insane asylum at Marion today to bring to Roanoke Harry D. Hulbert, confessed murderer of Claude W. Noel, near this city, last April, and who in an attempt to escape yesterday from the state institution, fractured the skull of a guard with a hammer similar to one used in the killing of Noel. Attendants of the asylum prevented his escape. Hulbert was removed to the asylum for observation after he had been taken to the Roanoke hospital. Several days ago he was adjudged sane and his immediate removal requested by the superintendent of the institution. He will be returned to the county jail to stand trial. He came here last spring after leaving military service and his home in Illinois.

RABID DOG BITES TWO; PASTEUR AID IS GIVEN

Mr. and Mrs. J. W. Canaler, 1609 Rembert street and Miss Annie Deboe, of 1072 Rembert street, were bitten by a rabid dog Sunday afternoon. The animal was killed and the head carried to F. A. Mantel, city chemist, for examination. The dog was a large black and white animal, the head of the animal's brain proved that the dog had suffered with rabies. The three will take the Pasteur treatment.

SLOW IN STARTING

W. K. Jacobs, a flagman, living on Rayburn boulevard, was arrested on a charge of attempted larceny of an automobile by Detectives Clark and Taylor Sunday night. Jacobs was caught in the car of Dr. H. L. Bas, 312 South Main street, in the act of trying to start the motor by the owner and a friend who had stepped into a store on South Main street, police allege. Dr. Bas said that several companions of the boy were nonchalantly standing by on the sidewalk but that on his arrival they made a hurried departure.

MAY CONTINUE HOSPITAL

ASHEVILLE, N. C., Aug. 25.—That Kentucky hospital, located here, may be converted into a United States public health station when the hospital closes on Sept. 1, became known when orders were received that no alterations should be made in the building until further notice.

WORLD MOVES FORWARD WITH LONG STRIDES

Peace Has Its Victories No Less Than War—Science Robs Calomel of Its Nauseating Qualities—"Calotabs" the New Name.

Here is good news for the sixteen hundred millions of people in the world who have to be cleaned, systems to be purified and biliousness, constipation and indigestion to be corrected. Calomel, the most successful liver medicine, has been robbed of its griping and nauseating effects. Calotabs, the new name, makes calomel taking a real pleasure.

In future ask your druggist for Calotabs, the de-natured calomel tablet. He is authorized to refund the price if you are not "perfectly delighted" with Calotabs. One tablet on the tongue at bedtime, with a glass of water, that's all. No taste, no salts nor unpleasantness of any kind. You wake up in the morning feeling like a new man, with hearty appetite. Eat what you please and go about your work, no danger.

The genuine Calotabs are sold only in original, sealed packages—never in bulk. Price thirty-five cents.

Try Carnation Creamed Potatoes

Recipe
Boil potatoes, 2 teaspoons butter, 1 cup of Carnation Milk, diluted with the same amount of water. 1½ tablespoons flour, salt and pepper. Cut the potatoes into small squares. Melt the butter, add the Carnation Milk, which has been mixed with the water, beat the potatoes in this. When hot, beat mixed with a little cold Carnation Milk. Season to taste.
